DETAILED ACTION

1. This action is responsive to Applicants' communication of 3 January 2007.
2. Claims 2-22 are pending in the application.
3. The 112 rejection has been withdrawn following applicants' amendment.

Allowed Claims

Claims 2-22 are allowable over the prior art of record.

Reason For Allowance

The following is an examiner's statement of reasons for allowance: Applicants claim a process for employing a sulfonated compound of general formula 1 as a solvent or solvent additive in a chemical process, employing the compound as an extraction solvent for a material separator; employing the compound as a heat carrier or heat carrier additive in a heat exchange unit;

formula 1

wherein all the variables are as defined in the claims. The process for employing the sulfonated compound of general formula 1 as a solvent, solvent additive, heat carrier or heat carrier additive was neither found to be obvious nor anticipated by the prior art of record.

A search of the prior art failed to uncover any reference that teaches or motivates one of ordinary skill to disclose a process for employing a sulfonated compound of general formula 1 as claim by applicants.

All claims (2-22) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
